

Hutt Intermediate School Vision 2018

Hutt Intermediate provides quality education that encourages academic excellence and social responsibility. The Core Values of Respect, Excellence and Resilience underpin all interactions and provide a shared language. The school offers a vast range of academic, cultural, creative and sporting opportunities to ensure the needs of all students are met.

Learning at Hutt Intermediate brings joy and a sense of achievement. Our student-driven curriculum is challenging, innovative and relevant. In addition to academic outcomes, we place emphasis on developing the Key Competencies and skills that will equip students to succeed in the future. Students have the freedom to create and be innovative and are encouraged to push themselves beyond their immediate expectations and boundaries.

Our school provides a unique environment in which all staff, students and parents feel a sense of pride and belonging. The explicit teaching of skills and strategies fosters respectful relationships. Our school uses Restorative Practices to build positive relationships within our school community. All members of our school community are treated with respect and kindness.

Our staff are reflective practitioners who challenge their own, and each other's, thinking and practice. Through collaboration, they ensure the best ideas and resources are being utilised in all areas of the curriculum. Our staff employ the best pedagogical practices and actively seek and build upon honest feedback to further develop their professional knowledge.

We value the partnership with our community and recognise that whānau are integral to student learning and development. Our open door policy ensures whānau feel welcome and their input is sought after and valued. Student success is celebrated in the school and within the wider community. Information is shared with whānau through the school website and parent portal. The community is invited to get involved in all aspects of school life.

Our students enter college proud to have learnt at Hutt Intermediate. They are armed with the skills, knowledge and strategies to not only be great students, but also outstanding members of society.
